Project & Team Information

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	Project Name, Number, Location	Open					
	Acceptance Criteria						
2	Subcontractor & EPC Contacts	Open					
	Acceptance Criteria						
3	Quality Roles	Open					
	Acceptance Criteria						

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
4	QC Lead (Subcontractor)	Open					
	Acceptance Criteria						
5	QA Lead (EPC)	Open					
	Acceptance Criteria						
6	Interface Points (who talks to who, when)	Open					
	Acceptance Criteria						

Reference Documents

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	Contract and specs	Open					
	Acceptance Criteria						
2	Drawings, codes, standards (ASTM, AWS, NEC, etc.)	Open					
	Acceptance Criteria						
3	Upload/Link references in Procore	Open					
	Acceptance Criteria						

Material Control & Submittals

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	Subcontractor QC:	Open					
	Acceptance Criteria						
2	Submit all material submittals to EPC for approval	Open					
	Acceptance Criteria						

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
3	Perform receiving inspections and maintain records	Open					
	Acceptance Criteria						
4	Provide Certificates of Analysis/Compliance	Open					
	Acceptance Criteria						
5	EPC QA:	Open					
	Acceptance Criteria						
6	Reviews and approves submittals	Open					
	Acceptance Criteria						
7	May witness incoming inspections	Open					
	Acceptance Criteria						

Inspection & Test Plan (ITP/QC Activities)

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	Subcontractor QC:	Open					
	Acceptance Criteria						
2	Perform inspections/tests per plan	Open					
	Acceptance Criteria						
3	Document results in Procore	Open					
	Acceptance Criteria						
4	Notify EPC QA of HOLD POINTS for witness/verification	Open					
	Acceptance Criteria						

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
5	EPC QA	Open					
	Acceptance Criteria						
6	Reviews QC records	Open					
	Acceptance Criteria						
7	Witnesses HOLD POINTS	Open					
	Acceptance Criteria						
8	Approves or requests corrections	Open					
	Acceptance Criteria						

Nonconformance & Corrective Actions

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	Subcontractor QC	Open					
	Acceptance Criteria						
2	Identify and log NCRs in Procore	Open					
	Acceptance Criteria						
3	Implement corrective actions	Open					
	Acceptance Criteria						
4	Submit closure evidence to EPC QA	Open					
	Acceptance Criteria						
5	EPC QA	Open					
	Acceptance Criteria						
6	Review NCRs and closures	Open					
	Acceptance Criteria						

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
7	Approves or escalates unresolved issues	Open					
	Acceptance Criteria						

Documentation & Records

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	Maintain all QC checklists, logs, test reports in Procore	Open					
	Acceptance Criteria						
2	Upload deliverables for EPC QA review	Open					
	Acceptance Criteria						
3	Prepare documentation for final turnover	Open					
	Acceptance Criteria						

Training & Communication

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	QC team training records (subcontractor)	Open					
	Acceptance Criteria						
2	Communication protocol with EPC QA (notifications, meetings, daily reports)	Open					
	Acceptance Criteria						
3	All changes, updates or issues to be communicated to EPC QA	Open					
	Acceptance Criteria						

Continuous Improvement

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	Lessons learned captured by QC team	Open					
	Acceptance Criteria						
2	Submit feedback to EPC QA	Open					
	Acceptance Criteria						
3	Annual or project-end review	Open					
	Acceptance Criteria						

Submission, Review, Approval

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	Subcontractor: Build plan in Procore Action Plan tool	Open					
	Acceptance Criteria						
2	EPC QA: Review and approve plan before work starts	Open					
	Acceptance Criteria						
3	Incorporate EPC feedback as required	Open					
	Acceptance Criteria						

Educational Guidance

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	QC: Subcontractor performs inspections, controls, records, and manages NCRs.	Open					
	Acceptance Criteria						
2	QA: EPC reviews, audits, witnesses' critical points, and approves or requests corrections.	Open					
	Acceptance Criteria						
3	All QC actions must be documented and made available for QA review in Procore.	Open					
	Acceptance Criteria						

Final Checklist

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
1	All QC tasks listed with clear acceptance criteria	Open					
	Acceptance Criteria						
2	Hold points identified for EPC QA witness	Open					
	Acceptance Criteria						
3	All QC documentation uploaded for EPC review	Open					
	Acceptance Criteria						
4	NCRs tracked and closed per protocol	Open					
	Acceptance Criteria						

#	Activity Title	Status	References	Due Date	Assignees and Verification Method	Records	Notes
5	QA approval obtained before work begins	Open					
	Acceptance Criteria
